The Habit of Taking Cold.
With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold but a temperature of about 90 F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.

INSURANCE DEPARTMENT STATE OF NORTH CAROLINA RALEIGH

FIRE PREVENTION DAY

Sept. 22, 1916.

To The Citizens of North Carolina:

The General Assembly of your State has done well in naming October 9th of each year as "Fire Prevention Day," and as required by law, Governor Craig has issued a proclamation setting aside Monday, October 9th, 1916, as "Fire Prevention Day" in this State. It will, I trust, help the campaign of education being conducted by this Department to arouse the people of our state to their individual responsibility in reducing this tremendous fire waste. Annually approximately three million dollars worth of property is destroyed by fires in this state.

When it is recognized that two-thirds of this loss is preventable, and can be avoided with even ordinary care, it would seem to call not only for "Fire Prevention Day" but that the people of the state, especially in our cities and towns, should not only observe this day but use the whole week in inspecting, cleaning up and doing everything possible to save their property. In fact, I am determined that this campaign shall not be stopped until not only "Fire Prevention Day," followed by inspection week, shall be observed in North Carolina, but that the citizens of this state shall realize that this work is one that calls for their active services on each and every day of the year. The loss of this property to the state and her citizens is appalling but it cannot be considered when it is remembered that not only property but many lives are lost each year by the carelessness of our people in regard to fires. The people persist in starting fires with kerosene oil, in handling matches carelessly, in using gasoline without regard to its danger and doing many other things that start and feed fires, to say nothing of the character of buildings being erected and the manner in which they are kept with trash, oily rags and many other things that produce fires.

It is hoped the Chiefs of Fire Departments and their men of each city and town will undertake a proper preparation for the observance of this day and that they will have active aid not only of the municipal authorities but also of the superintendents and teachers of our schools, of fire insurance agents, of business men, the women's clubs, and in fact of all citizens as each and every one is affected by this annual loss of life and property.

Let every one enter into the full spirit of the day, and continue this work of inspection through the week with a determination that every day of the year shall be in his town and home Fire Prevention Day. I will take pleasure in furnishing programme, posters and any data that will aid in a proper observance of the day.

Very truly yours,

Insurance Commissioner.

INVESTIGATION OF ALL FIRES

Under the Law All Fires Must Be Investigated by Officer and Reported to State Department.

Under the law, all fires must be investigated. Read it:

Section 4818. Fires Investigated; report; record of all fires kept. The Insurance Commissioner and the chief of the fire department, or chief of police, where there is no chief of fire department, in cities and towns, and the sheriff of the county where such fire occurs outside of an incorporated city or town, are hereby authorized to investigate the cause, origin and circumstances of every fire occurring in such cities or towns or counties in which property has been destroyed or damaged, and shall specially make investigation whether such fire was the result of carelessness or design. A preliminary investigation shall be made by the chief of fire department, in incorporated cities and towns, and by the sheriff of the county where such fire occurs outside of an incorporated city or town and shall be begun within three days, not including the Lord's day, of the occurrence of such fire, and the Insurance Commissioner shall have the right to supervise and direct such investigation whenever he deems it expedient or necessary. The officer making such investigation of fires shall forthwith notify the Insurance Commissioner, and shall within one week of the occurrence of the fire furnish to such commissioner a written statement of all the facts relating to the cause and origin of the fire, the kind, value and ownership of the property destroyed, and such other information as may be called for by the blanks provided by the commissioner. The Insurance Commissioner shall keep in his office a record of all fires occurring in the state, together with all facts, statistics and circumstances, including the origin of the fires which may be determined by the investigations provided for by this subchapter; such record shall at all times be open to public inspection.

AGENTS GUILTY OF LARCENY

Our Insurance Law Holds Insurance Agent to Strict Account For All Moneys.

Our insurance law holds an insurance agent to a strict account for all moneys received by him for his company, and reads as follows:

Section 3489. Agent guilty of larceny. If any insurance agent or broker who acts in negotiating a contract of insurance by an insurance company lawfully doing business in this State embezzles or fraudulently converts to his own use, or with intent to use or embezzle, takes, secretes, or otherwise disposes of, or fraudulently withholds, appropriates, lends, invests or otherwise uses or applies any money or substitute for money received by him as such agent or broker contrary to the instructions or without the consent of the company for or on account of which the same was received by him, he shall be deemed guilty of larceny.

Rubbish heaps are fire breeders.

Fires start in them and are fed by them. A clean city will have few fires. Attics and cellars should be kept free from combustible accumulations.

BAD COLDS FROM LITTLE SNEEZES GROW

Many colds that hang on all winter start with a sneeze, a sniffle, a sore throat, a tight chest. You know the symptoms of colds, and you know prompt treatment will break them up. Dr. King's New Discovery, with its soothing antiseptic balsams, has been breaking up colds and healing coughs of young and old for 47 years. Dr. King's New Discovery loosens the phlegm, clears the head, soothes the irritated membrane and makes breathing easier. At your druggist, 50c.

DOLLAR DAY IN HICKORY TO BE EVENT

One of the cleverest advertisers in the country has a cute way of stating things, it happens that he makes points, not for female faces, but for houses, and he tells you that by buying of him you get really more for your money than from anybody else in his line. This getting of what have come to be known as full values is one of the attractions of October, in Hickory, on the 12th of October, known as "Dollar Day," a day which has really passed far beyond the limit of mere theory, but which is found to be excellent in practice.

What a way we Americans have of gripping a dollar so hard that the big-winged eagle on it is almost made to scream; then on the other hand when the question of doubt whether the holder of that Iron Man, to use the slang phrase, is going to get one hundred cents worth of value for that dollar is so happily answered as the Hickory merchants are going to answer it on this Dollar Day, now almost here, the grip on the dollar is relieved, the coin comes out of your pocket in one store or another and you and your friendly merchant have both made good.

To use another slang phrase, you have delivered the dollar and he has delivered the goods, a square transaction, without any questioning, for on Dollar Day a real merchant sets out not only a dollar's worth, but the most attractive dollar's worth he can possibly figure out, so when you get home after making your purchases on this interesting day, you don't fear your hair, emit a few cuss words and declare that you have been "stung." These merchants are not going to fool you, you can bank on it that from the fine shows of goods they will offer you are sure to find exactly what you want.

WELL KNOWN CITIZEN PASSES AT CONOVER

Conover, Oct. 5.—Mr. Polly C. Lail, one of the best known men in Catawba county, died at his home here at 10:30 today as the result of injuries sustained two weeks ago when he fell from a wagon of hay. Pneumonia, which resulted from two broken ribs, was the immediate cause of death. Mr. Lail would be 72 years old had he lived until October 16.

Mr. Lail is survived by his second wife, who was a daughter of the late Rev. Polycarp Henkle, one of the first Lutheran ministers in this section, and one son, Mr. Lee Lail of Asheville.

A grandson, Rev. Robert Lail, recently became pastor of the Lutheran church at Catawba.

Mr. Lail was a man of wide acquaintance, was one of the best citizens of the county. He was wounded in battle during the War Between the States.

Arrangements for the funeral had not been made this afternoon.

MISREPRESENTATION OR TWISTING.

Under the following law life insurance agents are forbidden to misrepresent policy contracts or twist them: Section 4775b. "No life insurance company doing business in this State, and no officer, director, solicitor or other agent thereof, shall make, issue or circulate, or cause to be made, issued or circulated any estimate, illustration, circular or statement of any sort misrepresenting the terms of the policy issued by it or the dividends or shares of surplus to be received thereon, or shall use any name or title of any policy or class of policies misrepresenting any such company, agent or broker making any misrepresentation to any person insured in said company or in any other company for the purpose of inducing or tending to induce such person to lapse, forfeit or surrender his said insurance."

ASHES.

The improper storage of ashes continues to cause a great number of fires. Sixty-seven (67) fires were reported as due to this cause in 1915, with a loss of \$10,018. This amount is small compared with the total number of fires and losses, yet it is inexcusable since the cause is due solely to criminal neglect. Ashes should be stored in closed metal receptacles and final disposal made at a point where property would not be endangered.—Fire Marshall W. E. Langley.

—BACKACHE?

—RHEUMATISM?

—RUN-DOWN?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or umbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription "Anuric" is bound to give immediate results as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Anuric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swelling, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

MYSTERIOUS PAINS AND ACHES

Make Life Hard To Bear For Many Hickory Women

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tested kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Hickory woman's case:

Mrs. L. M. Thomas, 2 Tenth Ave., Hickory, says: "Some time ago I was down with backache, brought on, I believe by weak kidneys. The pain bothered me, particularly in the morning. After I was up and around for awhile, the trouble wore off, but appeared again the next morning. My ankles also became swollen. Doan's Kidney Pills, which I got from Lutz's Drug Store, gave me relief from the first and two boxes removed the trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Thomas had. Foster-Milburn Co., Props., Buffalo, N. Y.
